AT POOLSIDE
WE PROMISE TO:

Constantly scan the pool so that we can recognize swimmers in distress within 10 seconds and provide assistance within an additional 10 seconds.

Always be on guard and remain focused on our primary responsibility of protecting lives. Please understand this is why we cannot stop and talk.

Always wear a rescue tube, carry a mask and have gloves accessible for use.

Correct potential hazards and problems so that you will be safe.

Always sit in an elevated lifeguard chair or patrol at the edge of the pool. This enables us to be more aware of visibility issues and rotate our positions accordingly.

Attend regular training events to practice our skills and stay on the cutting edge of aquatic safety.

Be here for you and keep you safe!
